AKWENI CARES (AC)

HISTORY

.....

Akweni Project Management has a non-profit wing (AKWENI CARES), faith-based specializing in psycho-social and spiritual care, counselling and training, as well as physical support started in 2006.

As part of our CSI (Corporate Social Investment) Projects, we support many institutions by giving a time, finances and energy in making the lives of the less fortunate better. We would like to provide services that would help private donors, sponsors and various individuals who gave up their time and services to help move the vision of this establishment forward, these services are:

-  Providing emotional, social, spiritual and physical support and trauma counselling to patients and families in hospital
-  Support for people living with HIV & AIDS and their families as well as training for care-givers
-  Supporting children in health crisis and infected or affected by HIV & AIDS in the family
-  Supporting medical & paramedical personnel and care-givers through special programs
-  Facilitating a valuable volunteer services program to assist in the above
-  Providing training for those who wish to become involved in caring and/or wish to start their own ministry

We want to also:

-  Support and expansion of Pastoral
-  Support of the Children's Ministry (Children's Care Train)
- 

PILOT ZONES

Akweni Cares has significant value for deprived communities and therefore has mapped its pilot zones accordingly.

ZONE	LOCATION	GAUTENG
Zone A	Johannesburg	Gauteng
Zone B	East London	Eastern Cape
Zone C	Nelspruit	Mpumalanga

THE SCRUMBLE FOR EDUCATION

In South Africa today, the crave for equality education, is only centred on a cross-section of lucky children.

To be sincere, education has become a 'Gold Mine', thus making it impossible for the poor/needly children in our society to partake or share in its benefits.

Pathetically, though lots of these down liners are very smart, very intelligent and very eager to learn, they are completely cut off from the education ladder without any sort of live hood.

Honestly, this situation ironically only gives birth to undesirable hazards such as teenage Pregnancy, Child abuse, Street life, HIV/AIDS, Drugs, Gangsterism and many others.

WHY AKWENI CARES?

Two decades ago, around the world, parents and close family members were looked upon as custodians and the only source of responsibility to the growing child.

Unfortunately, this situation has changed so drastically-family norms have been greatly disrupted and the effects on both children and parents are very devastating.

Notwithstanding this, all children need proper parenting, proper care and proper support in order to survive and thrive.

Globally, it is now an established fact that the validity of biological parenting is strongly being questionable!!

Caring, protecting and promoting the best interest of the child should therefore not be seen as a threat, but as a concern and challenge to our society and the world as a whole.

In this manner, the quest for directing education and developing the child therefore, should become an accepted and an established norm across the world.

Providing adequate support for parents, families and "Care-Givers", who then transfer direct care and support to the child, is another important area of focus for Akweni Cares.

While recognizing the fact that correct and adequate support for families requires systematic approach, a key component in supporting the family is to find appropriate ways to work with parents/Direct Care Givers.

At Akweni Cares, it is therefore our concern and duty to solve and resolve the challenges of the child direct from the ROOT yes; we attract the problems from the right direction!

THE SOLUTION SYNDROME

Akweni Cares came as a mediator to protect, secure, preserve, educate and develop the vulnerability in our targeted pilot zones and South Africa as a whole.

Akweni Cares has therefore deemed it very necessary to come in as a Consolidated Consultancy Channel-a solution Centre, enhancing the educational and developmental challenges of the

underprivileged children, and their Direct care Givers through Education , Small Medium and Micro Enterprise (SMME) concept, for the eradication of poverty and health hazards.

DEVELOPMENT OF TOUR ATTRACTIONS AND FACILITIES

Additional, Tourism being the second in income generation for mother South Africa, and the world as a whole, Akweni Cares strongly believes that developing the natural assets in the targeted pilot zones, would be beneficial to the underprivileged children and their Direct Care Givers.

We therefore, see it as a challenge and a variable investment in developing some of the tourist attractions in the deprived communities to enhance sustainability.

The above entrepreneurial concepts, well synchronized actually came as a wake up signal, to uplift and liberate the poor/needly in our society. Thus, grooming our member groups with love, empathy, social ethics leadership and developmental ideas thereby, awakening them from their slumber and helping them discover their talents through skilful vocations. This 'life' long program is there to bridge the socio economic gap and to bring sustainability to the poor/needly.

WINNING OUR MEMBER GROUPS

The healing power of the love, a caring touch, a beautiful smile and a warm hug, regardless of age, physical disabilities, social, religious and political backgrounds make all the difference!

That is exactly Akweni Cares secret of wining these poor souls to be interested in our vision-thus, our key words therefore are LOVE and AMBITION.

TARGET GROUPS

Akweni Cares works with the following vulnerable/underprivileged

- Orphans
- Abused children
- Street children
- Prostitute children
- Teenage mothers
- Underprivileged/Disadvantaged Children
- Under privileged/Disadvantaged Direct Care Givers
- HIV/AIDS victims

MEMBER GROUP-CLASSIFICATION

The member groups of Akweni Cares are classified into four major categories:

GROUPING	AGE	CLASSIFICATION
Infants	Day 1-2	Early childhood development (Creche and nursery)/Adoption
Children	3 years-12 years	Early Childhood Development (Lower and upper primary)/ Adoption
Youth	13 years-17 years	Basic Education and career training (Skill Acquisition)/ Adoption
Adults	18 years and above	Basic Education and Career training/skill Acquisition.

VISION

Liberating the vulnerable/underprivileged children and their Direct care Givers, socially, economically, financially and striving hard to knock out poverty and its related hazards from our target groups ,is the broad vision of Akweni Cares.

AIMS AND OBJECTIVES

- Protecting, Security and preserving the interest of the vulnerable/underprivileged.
- Ensuring the right of the under privileged
- member group Adoption Globally
- Serving as a consolidated Consultancy Channel regards Education, skill/career training and development for the underprivileged.
- Developing and promoting a Strategic Welfare Scheme.
- Promoting/Participating in Local and international Fairs, institutional and zonal competitions, workshops etc to help our member groups nationally and internationally.
- Sourcing for sponsorship/scholarship
- Developing local and International Affiliation
- Job creation

PRIORITIES

- Child care and adoption
- Child & Environmental health Care programs for parents and care Givers
- Support/ Economic- Developmental programs for parents and direct care givers
- Establishment of early child development centres
- Establishment of entrepreneurial development centres
- Broadening the scope of Education in our member groups
- Discovering tourist attractions in some of the deprived communities
- Micro loan sourcing for member group

THE MASTER PLAN STRATEGY

Nailing the hammer on financial freedom, our member groups are taken through in depth entrepreneurial opportunities-their characteristics, demands and values.

Thus their awareness becomes more broadened about the various careers and their benefits, kindling their zeal furthers in education and development, the program also covers creativity, innovations and initiatives, making the learners more mature in their future endeavours.

Packing labelling, advertising, agency building, marketing, public relations and banking trails, are considered as vital pillars of this benevolent program.

In conclusion, time management, social ethics, health regulations insurance and labour laws are thoroughly spelt out in the various career departments.

VISION 2020-THE HILARIOUS CRY OF FREEDOM AND FULFILMENT

The millennium campaign is to eradicate poverty in 2020.

Achievement is the sustainable end result of a good drive and hard work, remembers everything, and worth doing begins with a decision, a package and a time frame.

We would appreciate; if all benevolent individuals and groups could come to the Aid of Akweni Cares, to enable us achieve our dreams, we sincerely believe, with your wonderful assistance and support, victory would soon be in sight!

Once again, our earnest gratitude goes to all charitable individuals' institutions, organizations, embassies, communities and churches, for turning around the darkness of the disadvantages into total brightness **full of hope**, through this remarkable project.

Akweni Cares in its own capacity has solemnly promised to effectively, adequately and properly use every assistance in uplifting the underprivileged, to the pride of our donors.

The nation's cry for human resource and development would not go void. Our professionalism, expertise and team work in the concept of education, skill acquisition, social and health related programs makes Akweni Cares the best trainer and career development organization. Remember, career development is the engine of growth in today's world.

Our mission Statement therefore is Health, Social and Economic Sustainability. Akweni Cares strongly believes that with our solution syndrome, poverty and its related hazards would be eradicated by 2020.

Akweni Cares notable chain formation system coupled with training of trainers' technique is a vibrant and a successful procedure of impacting knowledge across our member groups, during and after the training programs. In actual fact, this system of training gives the opportunity to some of the trainees to become teaching assistants and supervisors.

Akweni Cares continuity assessment program for our alumni would enable our member groups keep the torch burning with good work. Thus

- Training new member groups
- Regular visits/supervision
- Guidance & counselling
- In calculating creativity and innovation.
- New teaching techniques
- Cross culture programs
- Trade shows
- Marketing avenues agency building e.t.c

INNOVATION

For climbing the ladder of success, new teaching techniques are always developed to ensure that our trainees attain the height of success.

Implementing the mark of quality and helping our member groups. Achieve their dreams; the discovery and use of more exiting principles teaching aid, creativity and innovation give added values to Akweni's programs.

The three powerful organs-proper communication skills, public relations and the update methodologies of our Trainees are certainly the hallmark of Akweni Cares.

In this manner, turning dust into profit and changing zeros into heroes, we are sure to change the plight of the disadvantaged souls to a sound remarkable and profitable future

PROJECTION

- Uplifting and empowering the underprivileged children and their Direct Care Givers.
- Developing and promoting more educational and entrepreneurial programs
- Ensuring a better future for the underprivileged
- Establishing more training centres in some selected communities regions and some sister countries.
- Developing more facilitators, teaching assistants and supervisors
- Creating the sense of team work
- Providing starter kits to member groups
- Developing small medium and micro entrepreneurs across the country and the global market
- Sourcing Micro loan support for member Groups.
- Eradicating poverty, social and health groups
- Creating more jobs
- Involving member groups in competitions, trade fairs, workshops and seminars nationally and internationally.

BACKGROUND AFFILIATION

Akweni Cares is a cross cultural program to enable our trainees to add value, by further learning across the world helping them improve on their careers and linking them with more entrepreneurial opportunities.

To have a successful implementation of this program, our arms are widely opened to volunteers and charitable individuals thereby embracing Akweni Cares and its valued objectives to achieve success.

Further, we would appreciate if foreign individuals, students and groups could partake in our training programs to emulate, the true sense of national and international relationships, ideas and benefits.

We are affiliate to the commission on human rights and administrative justice (CHRAJ), ministry of health, ministry of education, ministry of women and children affairs, social welfare, and national commission for civil education (NCCE) etc.

Since the vision of Akweni Cares is to battle and wipe out the venom of poverty and its related non effects, this foundation is non denominational, non racist, non partisan, non profitable and non political- AKWENI CARES is purely for humanization.

ADOPTION

To achieve our goals, adoption of Akweni Cares by national and international bodies and charitable individuals is very much welcome.

TARGET FOR VICTORY

Dear Partner, the hour has come-the beginnings are now!

All things work together for good when desires, objectives and goals are accomplished.

For this reason, we are very sure that the proper formula, assistance application process and equipment perfected, Akweni Cares would be able to offer a total unique program.

Let us always remember to cheerfully and bountifully support this program to liberate the poor vulnerable souls and their direct care givers, by helping them deploy their gifts, potentials and talents to become useful vessels globally and proud ambassadors of Akweni Cares and the world as a whole.

Once again our deep appreciation therefore goes to all partners, for assisting and supporting this noble program to achieve great success.

THE PROGRAM

Career Opportunity

Promoting Human Resources therefore, Akweni Cares has designed the most wonderful package on community health, entrepreneurial and other development programs.

Course component

- **Theory**
- **Practical**
- **Calculations**
- **Basic English**

OUR CONSTRAINT

Through quality standard is one of our key words, unfortunately our teachers and facilitators are stuck for lack of proper teaching aids logistics and gadgets.

For this reason, we are very sure that with our own building, proper formula, application process and equipment perfected, Akweni Cares would offer a total unique program.

THE WAY FORWARD

AKWENI CARES' REQUEST (FINANCIAL/MATERIAL SUPPORT AND ASSISTANCE)

Akweni Cares strongest request is to have national and foreign volunteers' material support, technical and financial assistance.

The Layout for Akweni Cares Educational, Career Development and Training Centre in the respective pilot zones.

APPRECIATION

Congratulations,

Welcome aboard the charity/mentor train

Communication, being like the key to understand mankind, dialogs has gone a long way for people to pour their hearts, hence, analyzing and establishing facts.

A lot of children are hurting around the world-let us save a child today by giving love and affirmation through proper parenting and mentoring. Remember all they need is a chance and an opportunity.

Why allow these precious children to perish, help the vulnerable through quality education and developmental programs to enable them manifest their destinies for a better tomorrow.

We are all together in this struggle to set free and liberate the poor/needly.

Share in the responsibility and be a mentor to a child-don't allow a generation of children to get lost.

Yes why allow them perish-save a child today.

Let nourish, rebalance and redirect the vulnerable to recoup and achieve their dreams for quality life.

MAY THE GOOD LORD BLESS YOU and REPAY YOU BOUNTIFULLY FOR YOUR GIVING.....
